

Type of processing	Raw material	Specs & Notes	Minimum Order Quantity
Preparation + Carding short-staple	Fibre	From 32 mm to 60 mm fibres	15 Kg
Preparation + Carding + Combing long-staple	Fibre	From 60 mm to 150 mm fibres	15 Kg
Tow to top	Fibre	Converter + Seydel for tow processing	30 kg
Shredding	Fibre		5 Kg
Neps - filling balls production	Fibre		50 Kg
Cutting	Fibre		3 Kg
Quality control	Fibre	Conditioning measurement, ktex measurement, neps reading, almeter control	
Classic worsted spinning	Sliver	From Nm 0,5 to Nm 48	5 Kg
Fancy worsted spinning	Sliver	From Nm 0,5 to Nm 30 - Various yarn types: chain, blown, bouclé, fancy rowing, soffilo.	1 Kg
Classic worsted spinning	Sliver	From Nm 48 to Nm 80	10 kg
Preparation + Carding short-staple	Fibre	From 32 mm to 60 mm fibres	15 kg
Ring spinning	Fibre / sliver	From Nm 9 to Nm 70 (also slub, siro, core, compact)	15 kg
Open End spinning	Fibre / sliver	From Nm 3 to Nm 30 (also slub yarn)	15 kg
Twisting	Yarn	Any count from 2 to 8 ply	15 kg
Steaming	Yarn	Up to 95°	15 kg
Quality control	Yarn	Equipped quality control laboratory, with regularometer and dynamometer	
Cone dyeing	Yarn	Equipped with centrifuge and hot air drying system	Batches: 2-12-24-48-60-120-360-480 cones
Circular Knitting	Yarn	From Ne 15/1 to Ne 60/1 - Any fibre. Also twisted or machine coupled yarns	Working with 36-48-72-96 cones (min 150gr per cone)
Laboratory samples	Fabric		
Dyeing all manner of fibres from 5 to 400 kg per batch	Fabric		
Bleaching	Fabric		
Felting	Fabric		
Continuous tumbler	Fabric		
Stenter frame	Fabric		
Continuous washing	Fabric		
Dry cleaning	Fabric		
Sanforize machine	Fabric		
Steaming	Fabric		
Decatizing machine	Fabric	Available in: continuous, discontinuous, pressure (KD)	
Calender	Fabric		
Wet and dry raising machine	Fabric		
Shearing	Fabric		
Sand/brushing emerizing	Fabric	Available for: paper, carbon, ceramic	
Overlock automatic sewing	Fabric		
Open width mercerizing	Fabric		
PUR bonding	Fabric		
Digital elaboration	Fabric		
Preparation + Digital printing whit acid and reactive colors	Fabric		
Print steamer	Fabric		
Fabric treatments	Fabric	Different types available: waterproof, softness, aloe, ultra dry, flame retardant, easy-care, stain-proof, antistaticity etc.
